

The image features a stylized logo on the left side, consisting of a white flower-like shape with five petals inside a purple circle. The word "APACK" is written in a white, handwritten-style font across the middle of the image. The background is filled with vibrant, swirling ink splashes in shades of orange and pink, creating a dynamic and artistic effect.

Custom Printing

Apack can custom print wraps in either sheets/rolls, boxes, sleeves, and more!

Have your cello sheets and cardboard boxes printed with your company logo in the colours and design of your choice. The possibilities are endless when it comes to size, colour, thickness, material or design.

It's simpler and probably less expensive than you might expect.

You can choose from a simple one colour logo through to full colour printing. Exclusive designs and colour schemes chosen by you.

Discuss the details with your representative or contact your state office for further details including quantities and pricing.

Custom Sachet

We offer the opportunity of having the customers own name on a sachet. The back of the sachet is fixed, on the front we can print the design of your request in 1 colour only.

WATER ONLY

WATER WITH PROFESSIONAL 2

PROFESSIONAL 2 IS PERFECT FOR EVERYDAY USE!

* Professional 2 prevents the growth of bacteria, therefore saving the florist a lot of work in re-cutting the stems, cleaning buckets and re-filling with fresh water.

* Professional 2 only provides a small amount of food, therefore it does not force the flowers into bloom sooner than they need to. This prolongs the life of most flowers, far more than just water alone. Professional 2 lowers the PH level within the water, so the flowers drink more efficiently ensuring maximum water uptake and hydration.

THE PERFECT SHADING SYSTEM

ReduSol Xtra provides a durable and even white shading coat that can be easily removed using ReduClean at the end of the season

- Optimal shading effect
- Highly wear resistant
- Removable with ReduClean
- Easy to apply

Reduheat

75A906 15KG BUCKET \$ 215.25

Reduheat contains special pigments that keep the heat out, but allows the good light through.

Redufuse

75AREDFUSE 15KG BUCKET \$ 178.50

Redufuse is a coating that diffuses the light when it enters the greenhouse. Diffused light penetrates deeper into the crop and can improve production and quality.

Reduspray Chalk

75A910 25LT BUCKET \$ 86.37

Liquid Spray Chalk is very easy to apply and is removed quickly by a few rain showers. Spray Chalk can be used for temporary additional shading on ReduHeat and ReduSol.

Redupaint

75A912 16LT BUCKET \$ 313.95

Redupaint is a water based paint that protects heating pipes from corrosion.

Reducoat

75A913 16LT BUCKET \$ 295.74

Reducoat is the ideal paint to protect plastic film against wear, due to excessive heat in areas where the plastic film comes in contact with metal.
